

CSS450: Assignment 0 Question Sheet

Instructions:

- In questions where you are asked to explain, please be concise.
- Show your work when necessary, be neat, precise, and brief!
- To help us grade your assignments and return this to you in a timely fashion please:
 - Put your name and answers in the answer sheet only (separate link provided). Anything you write outside of the answer sheet **will not** be graded.
 - Provide your answers in the order of the problems.
 - Please use only one side of 8.5x11 paper.
 - Please make sure you bring a hardcopy print out **of the answer sheet (!!only!!)** to submit at the beginning of class. Please do not print out the problems.

Your assignment may not be graded if any of the above is violated, you have been warned.

1. **True or False:** Kelvin must have your explicit permission to show your work, and you are free to decide if you want to grant Kelvin that permission.
True: I cannot show your work without explicit permission from you, and, you have absolute freedom to choose whether you want people to see your work or not.
2. **The first MP is due on?**
 - a. **Oct 6th, 2016**
 - b. Oct 4th, 2016
 - c. All of the above
 - d. None of the above
3. **Each MP assignment is accepted till what time on the due date?**
 - a. End of day
 - b. End of class
 - c. **Beginning of class**
 - d. None of the above
4. **True or False:** You can upload as many revisions for an MP assignment as you want until the due time and only last submission will be graded.
True: So, submit often! Make sure there is a correct version at all time!
5. **True or False:** It is okay to leave comments in the submission area to tell the professor what parts of your assignment is not working or what extra credits you have done?

True: Students do this all the time and I *will read* your comments!

6. **True or False:** If you are late for class, you should enter from front door to let the professor know you are finally here.

False: key is to NOT disturb the class. Come in quietly

7. **True or False:** If for some reason the MP assignment you submitted cannot be opened or ran by the professor, you can send the professor an updated version via email.

False: If we cannot unzip and run your submission, you may receive a ZERO, and that is that!! You have been warned (again!). Submit, then go to a different machine, download, unzip, open, and run to make sure your submission is correct.

Though, it is true that you will probably receive a zero if your submission is probably zipped, can be opened properly in the IDE but does not run at all.

8. **True or False:** For MP submissions, the only thing that matters is your submission runs. You can submit any content, in any format, based on any IDE.

False. Zipped, relevant source code only. Do not submit any junk files. Be professional!

9. The late assignment policy for this class is:

- a. Minus 50% the first late day, then minus 10% each subsequent day
- b. Minus 60% the first late day, then minus 10% each subsequent day
- c. Minus 50% the first late hour, then minus 10% each subsequent hour
- d. Minus 60% the first late hour, then minus 10% each subsequent hour
- e. None of the above**

Remember: no late assignment. I don't want to hear any questions. No late assignments!

10. **True or False:** You are supposed to work in groups for these weekly assignments.

False: individual effort on the assignments! Even later on in the quarter when you work together as a group, the weekly assignments will still be *individual* effort!
