

Northwest Native Plant Species Selection: Selected Sources of Information on Environmental Tolerances

I. Handouts Provided

“Common native plants of lowland Puget Sound” (information compiled by Rodney Pond) – *week 1 handout*

“Environmental conditions favorable for establishment of outplanted/transplanted plants” (Sound Native Plants)

II. General Books

Apostol, D. and M. Sinclair. 2006. Restoring the Pacific Northwest: the art and science of ecological restoration in Cascadia. Island Press.

Cooke, S. 1997. A Field Guide to the Common Wetland Plants of Western Washington and Northwestern Oregon. Seattle Audubon Society, Seattle.

Klinka, K. et al. 1989. Indicator Plants of Coastal British Columbia. UBC Press, Vancouver.

Kruckeberg, A.R. 1989. Gardening with Native Plants of the Pacific Northwest. University of Washington Press, Seattle.

Leigh, M. 1999. Grow Your Own Native Landscape: a guide to identifying, propagating and landscaping with western Washington native plants. WSU Cooperative Extension Publication.

Pojar, J. and A. McKinnon. 2005. Plants of the Pacific Northwest Coast. 2nd edition. Lone Pine Press, Vancouver.

Rose, R. et al. 1998. Propagation of Pacific Northwest Native Plants. Oregon State University Press, Corvallis.
