

ESS 203 *Glaciers and Global Change* Winter 2020
Monday February 3

Writing assignment due Friday Feb 7

Time to be thinking about your group project.
It's OK if your ideas are still tentative.

- Read **Instructions** under **GROUP PROJECTS** tab.
- Turn in names of your group partners.
- Identify a cryosphere story in the popular press.
- Identify a related source article in a peer-reviewed scientific journal.

One report from your group is OK, as long as all participants are named.
