

**ESS 203 *Glaciers and Global Change* Winter 2020**  
**Monday March 02**

**For Friday March 6:**

(a) Please read the *Nature Geoscience* article by G. Roe et al., ***Centennial glacier retreat as categorical evidence of regional climate change***. The article is posted under the READING tab on the web site.

(b) In a paragraph, answer the standard 3 questions.

1) What question are Roe et al. asking?

1) What's their answer to The Question?

3) What points in the paper are still unclear to you? Be sure to check out Figure 4.

**Please bring your copy to class on Friday.**
