

### 日本語 2 1 2 Oral Essay Assignment #3

In this assignment, you will make a short (oral) presentation about your experience about Japan or the Japanese culture. You can talk about your hobbies related to Japan, you may talk about your (future or past) trip to Japan, you may talk about your activities related to Japan/Japanese culture, or you can talk about what you heard about Japan. As before, you prepare for your oral essay by creating a list of things you can talk about. Then, add more information related to each item such as your thoughts, circumstances, and/or other people's views. Create the final version orally by talking aloud about your list and notes, recording your monologue using the software provided (for accessing software, see the course website (> "Links") or the catalyst dropbox). The maximum length of your presentation should be 2 min. Format your audio file as either .mp3 or .wav. Then, upload the file to the dropbox by 2/11(Th). The dropbox will mark assignments as "LATE" if submitted after 5pm on 2/11).
