

Herb Joiner Bey, ND

Dr. Herb Joiner Bey is a seasoned clinician, educator, seminar leader, public speaker, medical editor, medical consultant, and author in therapeutic nutrition, Western botanical medicine, and classical homeopathy. Dr. Bey has conducted countless acclaimed seminars and presentations for health professionals, medical students, and the public, across the United States and the United Kingdom, on the philosophy and clinical application of modern natural medicine. He is a regular guest speaker on radio programs nationwide. He has served as adjunct professor in the naturopathic medicine curriculum at Bastyr University for the disciplines of classical homeopathy, geriatrics, and advanced integrative therapeutics. He has also served as a scientific editor of several journals in holistic health. Dr. Bey serves as a consultant and technical researcher for manufacturers in the nutraceutical industry. Dr. Bey brings to his students more than 30 years of formal education, personal study, and clinical experience in natural and conventional medicine. Dr. Bey received a B.A. degree in Physics from Johns Hopkins University in Baltimore and an N.D. degree (Doctor of Naturopathic Medicine) from Bastyr University in Seattle. He is also a graduate of the Professional Course in Classical Homeopathy, sponsored by the International Foundation for Homeopathy.
