1. Rules of "The Game":
  - I made 2 mistakes in my lecture notes during the week ending on Friday April 11
  - Those mistakes were written on the board and are visible in the posted lecture notes
  - To win you must:
    - 1) Document both mistakes on paper
    - 2) Provide corrections for both mistakes on paper
    - 3) Be the first person in your lab section to turn in the written solutions to your lab section TA
      - There can be 1 "winner" in each lab section
    - 4) You must give your TA the answer by the end of the day (5:00p) Thursday April 17th
  - You will win 2 extra credit points on your homework grade (which is a 20% kicker on any given homework)
  - The correct solutions will be posted in class on Friday April 18th
