	1.	intelligibility		
	2.	rate		
	3.	prosody		

C.	Narrative		WNL	Comments re: impairment
	1.	intelligibility		
	2.	rate		
	3.	prosody		

II.   **Isolated Vowels (If this level is appropriate, choose a # of vowels to sample, omitting those heard in spontaneous speech.)**

	Vowel	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				

III. **CV and VC Combinations (If this level is appropriate, choose a # of syllables to sample, omitting those heard in spontaneous speech.)**

	CV/VC	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				

Add additional tokens to sample as necessary.

IV. **CVC Production (If this level is appropriate, choose a # of syllables to sample, omitting those heard in spontaneous speech.)**

CVC same first and last phoneme

	CVC	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				

Add additional tokens to sample as necessary.

CVC different first and last phoneme

	CVC	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				

Add additional tokens to sample as necessary.

V. **Words of Increasing Length**

	Word	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				

Add additional tokens to sample as necessary.

VI. Multisyllabic Words

	Word	Simultaneous	Direct Imitation	Imitation after Delay
1.				
2.				
3.				
4.				
5.				
6.				

Add additional tokens to sample as necessary.

VII. Sentences of Increasing Length

	Sentence	Direct Imitation	With repeated attempts
1.			
2.			
3.			
4.			
5.			
6.			

Add additional tokens to sample as necessary.
