

## Piper's Creek and SEA Streets

Schedule: We depart on the SEFS bus promptly at 1:35 pm, so you must be here on time. Meet in parking area C-10 behind Winkenwerder and Bloedel Halls. If you miss the van, you are responsible for getting yourself there. We start along 110<sup>th</sup> between Palatine and 2<sup>nd</sup> Ave NW to discuss the Street Edge Alternative program and its impacts as a watershed.

### **Goals of Field Trip**

- Learn how to develop and present factsheets on plant species
- Learn how to identify major overstory and understory species
- Learn about stream systems in an urban area
- Learn about challenges of maintaining a forest ecosystem in an urban area
